

# Goodworth Clatford Infiltration Plan

Appendix B – Mitigation Measures

from  
**Southern  
Water** 

The Southern Water logo graphic consists of three stylized, wavy blue lines of varying lengths, positioned to the right of the text "Southern Water".

# Appendix B

## APPENDIX B

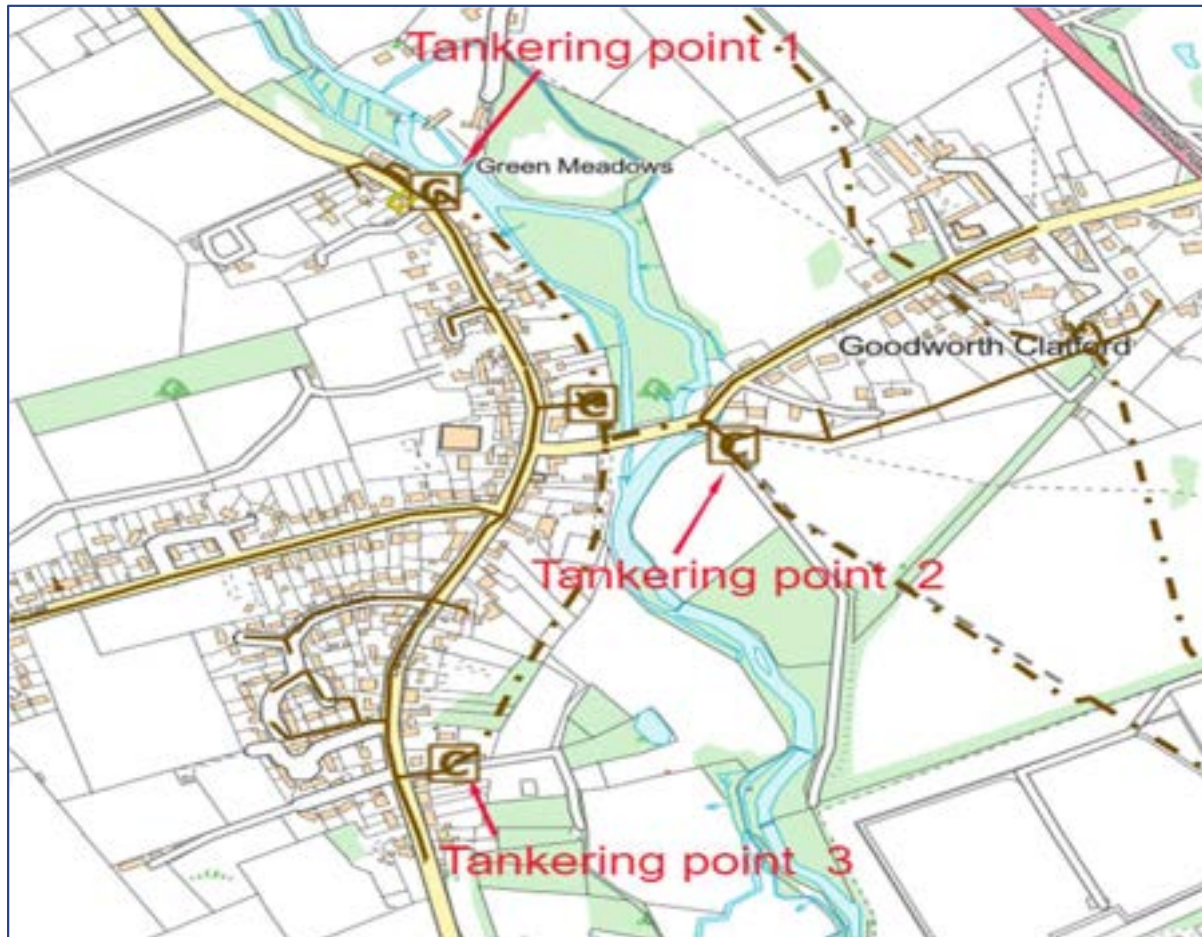

### Mitigation measures

*See notes in Section 4 regarding the potential need to introduce mitigation measures to reduce the risk of groundwater infiltration impacting the level of service provided by the sewerage system. Location of sites will be selected to provide the most effective arrangements to maintain services, whilst minimising environmental effects. Where practical, sites that have been used previously are expected to be re-used (when necessary), but the use of different locations cannot be ruled out, if hydraulic conditions dictate.*

# Tanker Locations

# Goodworth Clatford – tankers will be deployed to the locations below

## Tankering points

1. Goodworth Clatford Station WPS (W3W ///spoke.match.motion)
2. Church Lane WPS (W3W /// third.joins.fell)
3. Goodworth Clatford South WPS (W3W ///zone.bleat.scores)

Disposal is at Fullerton WTW
