

# Sidlesham Infiltration Plan

Appendix B – Mitigation Measures

from  
**Southern  
Water** 

The Southern Water logo graphic consists of three stylized, wavy blue lines of varying lengths, positioned to the right of the text "Southern Water".

# Appendix B

## APPENDIX B

### Mitigation measures

*See notes in Section 4 regarding the potential need to introduce mitigation measures to reduce the risk of groundwater infiltration impacting the level of service provided by the sewerage system. Location of sites will be selected to provide the most effective arrangements to maintain services, whilst minimising environmental effects. Where practical, sites that have been used previously are expected to be re-used (when necessary), but the use of different locations cannot be ruled out, if hydraulic conditions dictate.*

# Tankering Locations

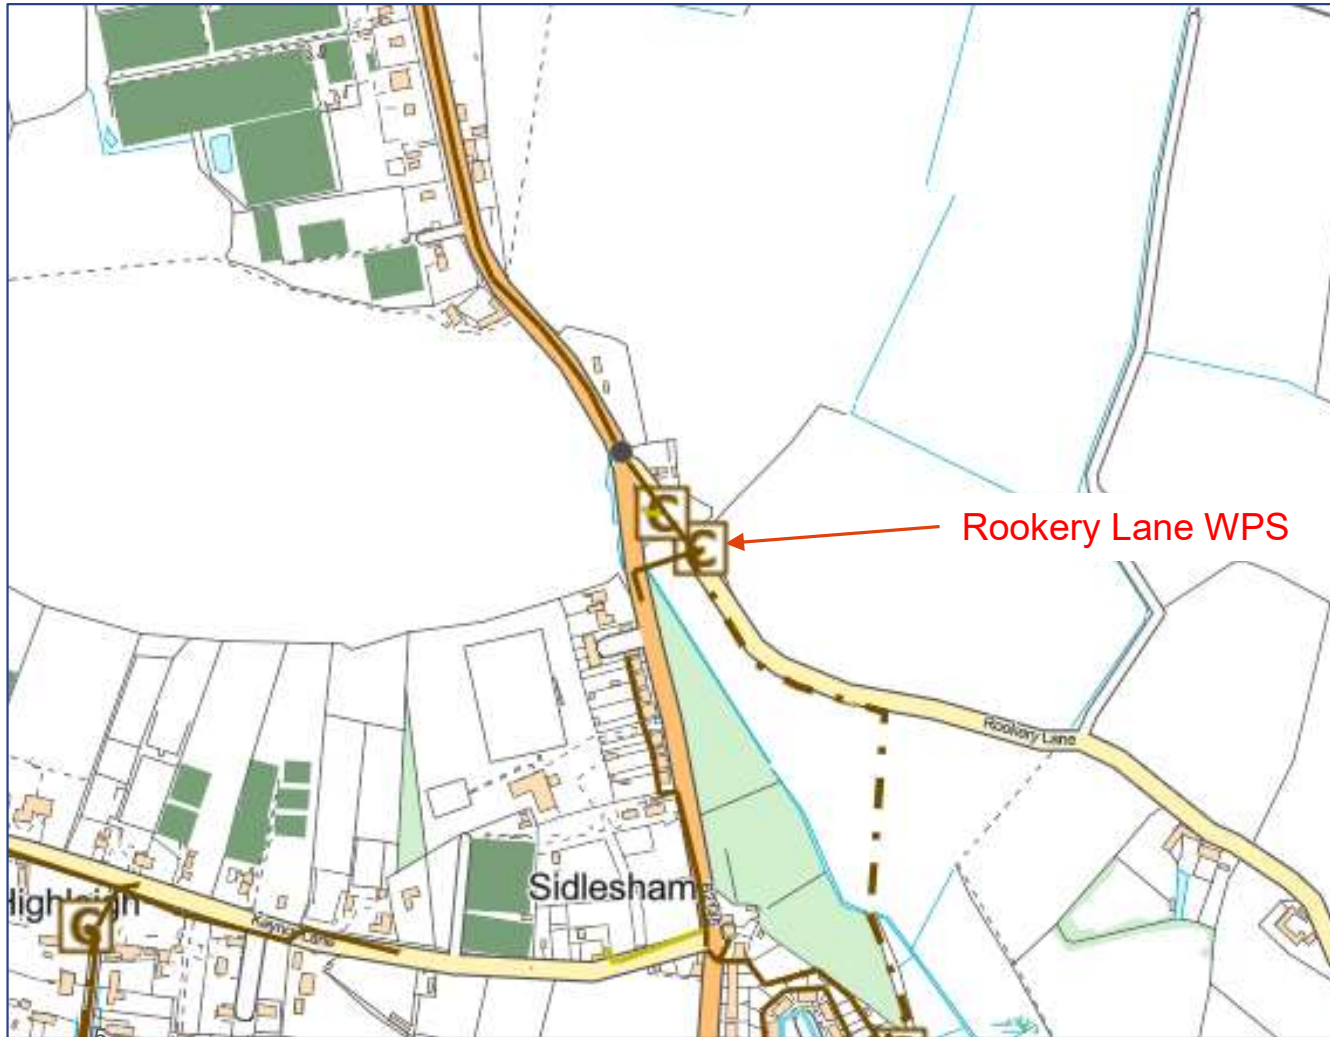

Pinks Lane Birdham WPS W3W = ///galaxies.soap.demanding

Flow tankered from Pinks Lane to protect area from flooding.

Rookery Lane Sidlesham WPS W3W = [///grudge.atlas.pitchers](https://grudge.atlas.pitchers)

Flow tankered from Rookery Lane to protect area from flooding.

## Highleigh Road Sidlesham WPS W3W = ///majors.return.nourished

Flow tankered from Highleigh Road to protect area from flooding.
